Chinese Philanthropy Global Partnership Inc. Newsletter

【捐赠中国】慈善基金会 通讯

Dear Donors,

Today is the Sichuan Earthquake one year memorial day. Let's join people all over the world for one minute of silence to remember the earthquake victims and families. Chinese Philanthropy Global Partnership Inc. (CPhGP) would like to thank you, our donors, for your caring and generosity in the year 2008 and ask you for your continued support for the Sichuan Earthquake rebuilding efforts.

In Houston, CPhGP joined the community leaders in a meeting on Sunday, May 10th, 2009 to share our thoughts and caring to the rebuilding efforts in Sichuan Earthquake areas and report to the community about where the funds were sent and how the donations were used. The Sichuan Earthquake relief funds we collected in 2008 were sent to support the **"1+1 Heart to Heart" project 1+1 心联行动 in the Sichuan Earthquake Area** through the China Charity Federation (CCF). CCF is an independent non-profit organization with membership charity associations in many cities and provinces in China. www.chinacharity.cn.

"1 + 1 Heart to Heart" project which provides counseling services to children and youth in the Sichuan Earthquake area. The program provides the following services:

- Train counselors, teachers and case managers from elementary and middle schools in Sichuan Earthquake areas.
- Set up "Heart to Heart classrooms" 心联小屋 for counseling activities in schools.

- Establish scholarship funds in schools.
- Invite role models such as celebrities children respect and love to visit earthquake area schools and interact and talk to children.
- Organize students from all over China to write letters to students in the earthquake area, sending love, care and encouragement.

The project made impact to thousands and thousands of students in the earthquake areas and will change lives for many many more in the future.

The Bashu Recovery Foundation (BRF) is another project we would like to introduce to our donors to support. BRF is an independent special fund established under the Red Cross Society of China on May 23rd, 2008 to focus on long term rebuilding efforts in Sichuan Earthquake areas. This foundation was initiated by a group of retired senior officials and entrepreneurs in business communities who are Sichuan natives or ever worked in the Sichuan area. BRF has launched or planned 14 relief projects, of

which 7 projects have been successfully completed or are underway. More information about BRF has been posted at our website . www.GivingChina.org. From our own experiences, the disaster recovery will take many years to build permanent facilities and to assist people with their mental and emotional recovery from lost homes, parents and love ones.

We encourage you to continue your charitable efforts and make donations in the year 2009 through Chinese Philanthropy Global Partnership Inc.
